

The year 2026 marks a period of growth for us. As we celebrate our five-year anniversary, we look back with pride on what we have built together and look ahead with enthusiasm to everything still to come. We continue to expand our assortment with new, carefully selected products that perfectly align with our mission: bringing together quality, sustainability, and innovation. We look forward to working with you again this year and to developing new opportunities together.

### Perfect for Mother's Day

Have you already seen our two new gift sets? The Sandalwood gift set and the White Musk set include a soft body lotion and a body mist. An ideal gift for Mother's Day or birthdays. White Musk is mainly a feminine fragrance, while Sandalwood, with its deeper scent, has a more unisex character.

## Pure Olive

Our new Pure Olive line is based on organic olive oil, an ingredient that has been used for centuries in Greek skincare for its nourishing and protective properties. The products feel rich and soft on the skin and provide instant deep hydration. Thanks to the nourishing effect of natural oils, the skin feels comfortable and cared for after use, without feeling heavy or greasy. Suitable for normal to dry skin.

## Greek yogurt

introduces 2 new products!

The Donkey Milk versions have been available for a while, and from now on we also offer the cleansing milk and face tonic in the Greek Yogurt line. Ideal for anyone with dry skin who wants to build an effective and natural facial care routine. The Greek Yogurt cleansing milk easily removes make-up, even waterproof make-up!

## Konjac sponsen

**Discover the PURE NATURAL KONJAC WATERDROP SPONGES**

- ✓ Dries quickly
- ✓ Gentle on the skin
- ✓ Suitable for all skin types

Our new Seravie konjac sponges bring a touch of pure, natural skincare. These soft cleansing sponges are made from the fibers of the konjac root, a plant that has been used for centuries in Asian beauty traditions. The konjac sponge is incredibly gentle on the skin, yet effective enough to remove impurities, make-up residue and excess sebum. The sponges dry quickly, are vegan and fully biodegradable.

## Seravie toiletry bags

If you would like to offer a broader range of personal care products in your store, Seravie also provides toiletry bags. The bags are made from organic Oeko-Tex cotton and are available in three sizes and four different colors.

## Questions?

Contact us at [info@sprelink.nl](mailto:info@sprelink.nl) — we are ready to help and happy to think along with you. Sprelink is the leading wholesaler of Greek skincare products in the Netherlands, Belgium and Germany. All products are natural, cruelty-free and made from organically grown ingredients. Sustainability is at the heart of everything we do, with packaging made from recycled paper and plastic. Discover the collection for yourself through a complimentary product presentation or a sample package.

With sustainable regards,  
**Gwen & Charles**
